

Waste sorting and recycling in BRF Islandet Adolf

Please reduce packaging and sort and recycle remaining waste. We must reduce the amount of unsorted household garbage thrown in the refuse chutes. What you place in the recycling containers will become new raw materials. You have access to the recycling area from Adolf Fredriks Kyrkogata, see plan!

Tack!

Paper packaging

There is a dedicated room for paper packaging (shared with magazines and paper recycling).

In this room there is a cutting tool to help you flatten bulky cardboard boxes.

Two large containers used for:

- Paper bags
- Cardboard boxes (fine and heavy duty)
- Milk, egg, cereal packaging etc
- The cardboard in your bag-in-box (but please throw the aluminium bag in the metal waste bin).

No Styrofoam!

Not the metal bag from your bag-in-box!

Newspapers, magazines, paper

You will find this container in the room where the paper packaging recycling is located.

This goes in the newspapers/magazines container:

- Newspapers, magazines
- White paper
- Pocket books
- Catalogues, advertising leaflets

No paper bags, no envelopes!

Bulky, non-recyclable waste

There is very limited space for bulky waste!

Bulky waste is recycled in the same room as electric and electronics waste. Do not dump large objects such as furniture here!

Plastics

There are three recycling containers for plastics waste immediately inside the entrance from Adolf Fredriks Kyrkogata.

Please sort as plastics, items such as:

- Plastic bottles
- Plastic jars, containers
- Plastic bags, food containers, take away containers of plastic
- Styrofoam, bubble plastic wrapping

Do NOT throw PET refund bottles here! Please bring to the shop and get your refund!
Please rinse open packaging so the recycling containers smell less!
Packaging for hazardous materials must be disposed of at the city's recycling centers.

Metal packaging

The recycling container is found immediately inside the entrance.

Please sort as metal, items such as:

- Metal cans
- Metal bags, such as the bag inside a bag-in-box
- Caps and screw corks in metal

Do NOT throw PET refund bottles here! Please bring to the shop and get your refund!
Please rinse open packaging so the recycling containers smell less!
Packaging for hazardous materials must be disposed of at the city's recycling centers.

Coloured and clear glass

You'll find these containers next to the plastics recycling containers.

Electric and electronics waste

- Various electrical and electronics waste
- *Special containers for small gadgets, batteries and light sources*

No white goods or very bulky appliances!

Food waste, bio-degradable waste

Please use brown paper bags. You find new ones in the same room where you find the brown bins for food waste.

*Please note. Absolutely **no plastic bags**, not even compostable ones!*

If your paper bag is too wet, please use double paper bags – do not use plastic.

BRF ISLANDET ADOLF

Återvinning / recycling

Återvinningsutrymme Recycling area

Här hittar du våra återvinningsutrymmen. Vänligen återvinn förpackningar, tidningar och matrester. Övriga hushållssopor kastas i nedkassen i trapphusen. Tack!

Where to find our recycling area. Please recycle food waste, papers and packaging. Remaining household waste to be thrown in the refuse chute located in the staircases. Thank you!
